VERANO

# COLOR *Trends*

POP PINK VERDE PRADERA ENERGY ORANGE FERRARI ARCILLA LUMINUS BLUE

Color alegre, estimulante que conecta con un espíritu jovial, despierta la nostalgia. Permite mayores oportunidades de autoexpresión en la moda por considerarse un nuevo tono inclusivo y atemporal.

Inspirado en los prados, la fauna, la flora y la riqueza cultural, este color regenerativo evoca relajación, bienestar y una profunda conexión con el medio ambiente.

Corresponde a un deseo de seguridad y protección, estimula la confianza como la alegría y evoca sentimientos de esperanza y entusiasmo necesarios para estos periodos de incertidumbre.

Color intenso que simboliza energía, fuerza y pasión, convirtiéndose en un tono protagonista, ideal para expresar seguridad, individualidad y un estilo audaz que destaca en cualquier temporada.

Un tono terroso y cálido que refleja resiliencia y autenticidad, ideal para looks que equilibran lo artesanal con lo moderno. Convirtiéndose en un tono esencial dentro de las tendencias actuales.
